PREFACE

DR. SANGEETA. B. DONGRE

Assistant Professor,

Department of Zoology, Government College of Arts and Science,
Aurangabad. 431001. Maharashtra, India.

I present the book 'ZOOLOGY: BIO-UMBRELLA' as an exertion commenced by the editor and all authors. It was a collective effort from all the authors involved in carrying out an intensely vigorous sense of study and research as biology is the study of life in its entirety

We present this volume of the book that covers a wide range of topics, namely Hydrobiology, Hydrochemistry, Ecology, Environmental Biology, Ethology, Biodiversity, Animal behavior, Sociobiology Malacology, Molecular Biology, Applied zoology, and microbiology. The book has also given importance and covered topics such as Immunology, Epigenetics, Phylogeny, and Physiology. Pathology, Animal husbandry, Biodiversity, Freshwater & Marine Biology, Microbiology, Entomology, Herpetology, Parasitology, Aquaculture, Toxicology, Enzymology, Biochemistry. Bioethics, Bio Acts, and all aspects related to life and their impacts are also taken into consideration in this book. Last but not least, the alarming problem related to milk adulteration is
