Extension activity

Visit to Anganwadi, Harsha Nagar, Aurangabad

The students of M.A. part I visited the Harsha Nagar Anganwadi, Aurangabad on 18th February 2019. The objective of this visit was to study the nutritional status of students attending the Anganwadi centre and impart nutritional knowledge to their mothers regarding the requirements of preschool children age 1-6 years. Anthropometric measurements viz. Height weight head circumference, arm circumference of 30 children was noted and growth quotient was calculated. It was observed that one girl was Malnourished. The mothers of the children were imparted nutrition education regarding nutritional requirements during this age, sources of various nutrients, locally available foods etc. Home Science students explain the necessity of Nutrition nutritional foods to the mothers of malnourished children. Head of the department Smt. Sanjivaneer Godse was present on this occasion. Workers in Anganwadi were present for this event.
