ANNUAL E- GOVERNANCE REPORT

(Presented before college core committee and Staff)

E-Governance is the use of information and communication technologies (ICT) in organizations to provide user services, work efficiency and to develop transparency. It is being used for timely delivery of services to all the stakeholders.

This urge for transparency and efficiency is derived by the demand of ever-increasing aspirations of information age. Speedy and cheaper communication, convenience, transparency, accountability, improved customer services and increased access to information are some of the basic parameters on which the concept of e-governance relies and finds its foundation.

The necessary infrastructure is provided by the state government grants, District Planning department grants and RUSA grants. Most of the staff and students use smart phones to utilize the benefits of modern-day technologies available in the field of higher education. Digital literacy workshop has been conducted for students and staff-members under the sponsorship of Maharashtra State Women Commission. The overwhelming response of human resource to digital technology has strengthened the prospects of e governance in different areas of operation. Government college of Arts & Science uses the necessary infrastructure for e governance for efficient use of available resources. By and large, Government College of Arts & Science has implemented e governance through following infrastructure.

The necessary infrastructure includes-

1. Internet facility in the campus
2. Portal provided by Director of Education, Pune, Maharashtra State

<https://dhemis.maharashtra.gov.in/>

3. Mahakosh Portal provided by Finance Dept. Maharashtra State

Government college of Arts & Science implements and monitors various e governance facilities in various aspects as following-

1. Planning and Development

Online official communications regarding planning and development is realized through e-mails and What's app messages. Proposals for infrastructural development, Research projects, seminars & workshops, various grants and scholarships are prepared and submitted online through online management system to concerned organisations including state government and sanctions are also obtained through online mode. Necessary budget allocations for various schemes including research projects are also realized digitally through net banking and other online modes.

The following main organizational assignments are carried out online-

- Communication through e-mails to government and other agencies
- Disclosure of information through web site
- computerisation
- Conduction of computer awareness programs for teachers and students

- Use of digital library resources
 - Use of SOUL 2.0 software for library

A dedicated WhatsApp Group has been created at institution level and also in each academic department for sharing orders, information, direction and discussion on a common platform.

2.Administration

The College has stepped ahead in the direction of paperless administration and almost all communications with higher authorities are realized online through e-mails and other digital formats.

- Supervision of various scholarship schemes,
